The Geek Showdown

Another Achievement of Kaizen Club Students of Rayat Bahra University

A technical event named "The Geek Showdown" was organised by CGC Landran hosted a variety of events in which the students of RBU Mohali campus bagged second rank. It was a 9 hour competition in which the students have to innovate some idea on the task assigned to them and solve the real life problems. During this, three of our students Divyanshu Pandey, Nikita Rajpoot and Pranav Pandey had their team named "Black wolves" made an interactive and innovative Android app which intended to provide a platform to all the artists, from small to the large scale and help them in making their identity. They also won a cash prize of rupees three thousand during this competition. This was another remarkable achievement by the students of the campus.
