

## **Expert Talk on Working Principles of Total-o-Station**

University School of Engineering and Technology, Rayat Bahra University organized an Expert talk on working principles of Total-o-Station.

Civil Engineering department of University School of Engineering and Technology, Rayat Bahra University conducted an Expert talk which was delivered by Assistant Prof. (Dr.) Rajiv Kumar from NIT, Jalandhar.

The aim of the expert session was to aware the students about the different parameters which come under surveying. The expert has shared his practical knowledge and also explained the various aspects of practical works in the field. He emphasized that the students must be acquainted and have sufficient knowledge of Surveying for doing proficient works. He also accentuated the importance of softwares related to civil engineering for the effectual and fast working of projects as softwares play vital role in present scenario.

Prof. (Dr.) Ajay Goyal, Dean University School of Engineering and Technology thanked the expert for bringing awareness to the students about the working principles of Total-o-Station and encouraged them.

Prof. (Dr.) Daljit Singh Vice Chancellor Rayat Bahra University appreciated the efforts of Civil Engineering Department for conducting the expert session.

S. Gurvinder Singh Bahra, Chairman Rayat Bahra Group and Chancellor, Rayat Bahra University impressed the importance of expert lectures in academics.
